

BOOSTERS CLUB GROWING FAST

Has Over One Hundred Members and the Numbers Still Growing

WILL MEET OCTOBER 7

The Earlinton Booster Club is a healthy youngster and can now boast of over 100 members. The committee on membership has been doing good work one member alone securing 60 new members and he is still working. The object of this club is for the betterment of Earlinton in every way especially financially. The members of this club mean business and will use every means in their power for the upbuilding of Earlinton. A special invitation is given to all who desire to attend the meeting at the city hall on Thursday night Oct. 7, and they are requested to come prepared to identify themselves with this movement. Rome was not built in a day and this Boosters Club does not expect to accomplish any great results in a month, but they do expect to keep on hammering away until results are accomplished and Earlinton will increase in population and industries.

It is an old but true saying that a long pull, a strong pull, and a pull altogether will win the day, and there is no reason why a community whose interests are identical should not work together harmoniously for the betterment of the town and its citizens. Come out to the next meeting of the Boosters Club on Thursday night, Oct. 7th and you will learn something that will interest you.

We Were Some Glad

Fellow dropped in the Bee office the other day and ordered the paper for a year, and we were pleased. Said the paper was a good one, and we were glad. Said it was more than worth the money to any man or woman of intelligence, and we were tickled. Said it was the mainstay of the town and a friend to every family in the town, and we were super-tickled. Said it was the greatest booster and the most reliable town builder and developer in the whole community, and we yelled with joy. He then paid two years subscription in advance and said he was going to get his neighbors to subscribe, and we all gently to the floor in blissful unconsciousness. Nature had reached the limit.

Is Advertising Expensive

Advertising that is regarded by the advertiser as an expense is just that. There is something wrong with it. Nine times out of ten the copy has a charley-horse. And whose fault is that? Advertising? Not on your life. It's the fault of the man who is paying for the advertising. Go to his store, and the chances are that you will find it slowly expiring from rot. The goods will be dirty and unkempt. The shelves will be dusty and neglected. Even the boss will have a grouchy, and the grouchy never attracts buyers. Life is too short to waste with the wooden faces. It isn't the advertising that's expensive, it's the lack of push that is behind the failures.

Yes—Many People have told us the same story—distress after eating, gases, heartburn. A **Renall** Tablet before and after each meal will relieve you. Sold only by us—25c. St. Bernard Mining Co., Incorporated, Earle, Miss. Tenn.

Civic Carelessness

Did you see your friend toss a newspaper down on the street? It was a little thing and not of any great consequence. But when everybody, or a great number of bodies, do the same it litters up the public places and gives the town an appearance of backwardness and slothfulness and decay which operates as a detriment in the minds of all progressive people, especially when these people are from a distance. But instead of throwing down the papers, and kicking other refuse into the street, suppose each citizen should make a practice of keeping the town clean, and bright, and attractive, wouldn't it be good for the eye to see? It's easy to do—if we want to do it.

MANY CHANGES IN GAME LAW

Will be Urged at the Next Session of the Legislature to Secure Better Protection.

Many changes in the fish and game laws of Kentucky to be recommended to the next general assembly were adopted by the Kentucky fish and game commission at its meeting at the State Fair in Louisville. Copies of the resolution are to be sent to all representatives and senators, the secretary of the department of agriculture and the chief of the State biological survey.

Joseph G. Sachs, of Louisville, chairman of this commission, presided at the meeting. Members present were: Dr. A. G. Atchiff, of Williamsburg; J. E. Crider, Jr., of Fredonia; R. R. Burnam, of Richmond. The fourth member was not in attendance as he is now in California. The changes proposed follow:

To amend the law which permits the killing of doves from August 1st to January 1st, providing for a bag limit of fifteen birds per day; prohibit the killing of wild turkeys, pheasants and imported game birds and deer for five years. Amend the squirrel law to permit killing of squirrels from June 15th to January 1st; repeal the law providing for their protection from September 15th to November 15. Shorten the quail season fifteen days, providing for a bag of fifteen birds per day. Prohibiting the taking of fish from any of the public waters of the State except with a hook and line or trot line. Prohibit the taking of any black bass, pike, perch or channel cat under eight inches in length; prohibit the sale of any fish in the State under the size limit.

Another resolution was adopted to the effect that Kentucky will ask for representation in the advisory board should the federal migratory bird law be declared constitutional.

A report of the activities during the last year and outlines of a meeting of Kentuckians in Louisville in December showed that \$10,000 of the commissions fund was appropriated for the purchase of game birds for distribution thruout the State. The car owned by the commission delivered twenty-five loads of fish to various points in the State.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful

Your hair becomes light, wavy fluffy, abundant and appears so soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

REPEAT GOOD ROADS MEETING

Bee Line Gathering Plans For November, 4th Under Way

Evansville Courier

The stirring good roads meeting which was held here on June 26, last, when the Dixie Bee Line Association was organized by some 1,500 people who flocked here from Indiana, Kentucky, Illinois and Tennessee, is likely to be duplicated on Nov. 4, when the Dixie Bee Line route commission meets here to select the official route for the Bee Line from Danville, Ill., south.

Mayor Bosse, president of the association, announced yesterday he has been informed by people of Hopkinsville and Guthrie, Ky., and Springfield, Tenn., that large delegations from each of these places are coming here at the time the route is selected.

Others from every section interested in the line will no doubt be here in large numbers on that date and the mayor approached officials of the L. & N. Railroad on the matter of reduced rates from all points south for the day of the meeting.

The officials have told the Bee Line president that special rates can probably be arranged for and a two-days' stop-over in Evansville will likely be allowed on all tickets. This will give the road boosters a trip to this city and an opportunity to spend two days here.

November 4th is on Thursday and those coming in on special trains would have the option of remaining over until Saturday.

In Memoriam

In memory of Mrs. Ann Haley who died Sept. 18, 1915.

A loving one from us has gone,
A voice we loved is stilled,
A place is vacant in our home
Which never can be filled,
The rolling stream of time rolls on,
But still the vacant chair
Recalls the love, the voice, the smile
Of the one who once sat there.

A happy home is dark with grief,
And joy has put its dark robes on,
And sorrow sits and weeps and sighs
A loved one of our home is gone.
Lonely the house, sad the hours,
Since our dear one from us is gone
But, oh, a brighter home than ours,
In heaven, is now her own.

The flowers we lay upon the grave,
Will wither and then decay,
But the love we bore for you dear Grandma,
Will never fade away.
God in his wisdom has recalled
The boon his love had given,
Although her body slumbers here,
Her soul is safe in heaven.

We think of you and sadly speak
your name,
In life we loved you dearly,
In death we do the same.
We will often sit and think,
Of you dear Grandma,
When we are all alone.
For memory is the only thing,
That grief can call its own.
—A Granddaughter.

FORMER "ICE KING" TALKS

John Rohman Praises Remarkable Work of Medicine Tanlac

Louisville, Oct. 1.—Almost everybody in Louisville is personally acquainted with or have heard of John Rohman. The "Ice King" of Louisville, as he was formerly called by those who have known and respected him for his honesty and integrity for a score or more years, has been a sufferer from stomach complaint and a general debilitated condition for a considerable length of time.

Like lots of other folks, Mr. Rohman was a little skeptical regarding the merits of the new preparation, Tanlac, as he had tried numerous medicines in the past without obtaining the right results. However, the publication of testimonials from Louisville people he knew who had been actually benefited by Tanlac, convinced him that a test of the preparation was worth the attempt. Mr. Rohman had suffered much annoyance from indigestion, especially. He got Tanlac and began using it. A few afternoons ago he was prepared to make this statement in the presence of witnesses.

"Less than two weeks ago I obtained this Tanlac. The medicine was just what I needed. It went straight to the spot. I straightened right up. My appetite is improved, as well as my sleep. If I had paid a thousand dollars for the medicine, it would have been worth that to me. The anticipation of taking the next dose of Tanlac is a real pleasure."

Tanlac, the remarkable medicine, referred to by Mr. Rohman, is now distributed in Louisville by the personal direction of L. T. Cooper, and in Earlinton and St. Charles, at Geo. King & Sons; in Mortons Gap at Ben T. Robinson's drug store and in Nortonville at the City Drug Store, where the famous medicine can now be bought.

Aggressive Campaign for National Preparedness

Washington, D. C., Sept. 27.—An aggressive campaign for national preparedness in the State of Kentucky is planned by the Navy League for the fall and winter months. Gov. J. B. McCreary, one of the most sincere and enthusiastic workers for adequate national defense has consented to become chairman of the Navy League's Committee for that Commonwealth and steps will be taken at once to inaugurate actual work.

Associated with Gov. McCreary will be Adj. Gen. J. T. Ellis and Hon. L. F. Johnson, of Frankfort, as well as Mr. N. P. Bloom, of Louisville. To the State Committee already appointed will be added from time to time committeemen from every electoral district in Kentucky, who will be appointed by Gov. McCreary after consultation with the local committee.

In a letter to Gen. Horace Porter, Honorary President of the Navy League, Gov. McCreary places himself squarely on record in behalf of the immediate construction of adequate national defenses and declares that in the present perilous times public interest cannot be awakened too much in the development and efficiency of the Army and Navy.

Gov. McCreary's letter is as follows: "I heartily endorse the efforts now being made by President Woodrow Wilson in calling on the Secretary of War and the Secretary of the Navy for the conditions of the United States Army and the United States Navy."

"Public interest cannot be too much awakened at the present time in all matters tending to aid, improve or develop the efficiency of the Army and the Navy."

BIG CIRCUS

Coming This Way Soon

The Barnum and Bailey Greatest Show on Earth will exhibit at Madisonville on Saturday, Oct. 9, and this good news is being heralded everywhere by the many agents of this, the biggest and foremost amusement institution of the world. The Barnum and Bailey Circus has always been the largest that travels and this season the management has found it necessary to add many more cars to their trains in order to provide for the great equipment. It requires 85 double length railroad cars to transport the big show, 1280 people are employed, there are 700 horses, 40 elephants and a menagerie of 110 cages, 480 world-famed artists take part in the greatest circus program this world has ever known.

A fitting introduction to the wonderful performance this year, is the presentation of the new, spectacular pageant, "Lalla Rookh," in which nearly 1000 characters take part.

In the circus proper, which is presented in three rings, four stages, the hippodrome and in the dome of the dome of the largest tent ever erected, 480 performers from every nation in the world take part and present a vast array of foreign features entirely new to America. A

wonderful trained animal exhibition is given by the Marvellous War Elephants, Pallenberg's Wonder Bears, Madam Braden's Angel Horses, Thaler's Dogs, Ponies and Monkeys, and the Barnum and Bailey Statue Horses.

Great interest is already being shown in this neighborhood and great crowds will no doubt go to Madisonville Saturday, Oct. 9, for the biggest and most enjoyable holiday of the year. Everyone is advised to get an early start in order to be there in time for the parade which starts promptly at 10 A. M., and which is said to eclipse anything of its kind ever before attempted in the history of circus business.

YOU'RE BILIOUS! LET "CASCARETS" LIVE LIVER AND BOWELS

Don't stay headachy, constipated, sick, with breath bad and stomach sour.

Get a 10 cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil.

Cascarets work while you sleep, cleanse the stomach, remove the sour, undigested, fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10 cent box from any drug store will keep your stomach sweet, liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

Law Of The Road

About as good a way to study human nature is when you are driving on the public road. If a man is willing to observe the laws and the courtesies of the road, he will duly give his share of it when meeting another, and shows he is willing to do the gentlemanly thing about it. But when you meet one who takes every advantage of those he meets, and holds the road for his own self, often to the great discomfort of those he meets, or will not allow them to pass. We are almost sure to think of pork in connection with drivers of teams or autos.

WARD FOR THE LAW.

Ignorance of the Law is no excuse and disregard of the Law is a crime. When Laws are so obvious as to afford excuses for non-compliance they should be changed, and the people have this right. "If your right hand offend you, cut it off," was no idle injunction, but means the offense should be removed rather than the mutilation of the member.

Our Tax Laws are distasteful and detrimental, but the remedy should be to amend them instead of allowing them to undermine the morals of the people by openly disregarding them.

The successful evasion of one Law may encourage the violation of others and in time breed a contempt for all Laws.

While every citizen owes obedience to the Laws, the Laws should be made fair and equal to every citizen.

The Tax Laws are neither fair nor equal and are productive of deceit and dishonor and if for no other reason than this should be changed.

UNIFORM TAXATION.

Property differs so greatly in character and earning power it has always been impossible to tax the various kinds uniformly. Every attempt to tax movable property the same as immovable property has failed and will always fail. "Two wrongs do not make a right," and when assessors find it impossible to discover the ownership of movable property and undertake to square things by lowering the assessment of immovable property, there is no right or justice in it and everybody suffers in mind and matter. The more stringent the Law to uncover movable property the faster it moves and hides, and this fact is so well established the assessors in most counties let movable property go by default. So-called Uniform taxation is a delusion and a snare. It may suffice to fool the ignorant, but the knowing ones just laugh at it. This is rough on the poor man whose all is in sight and immovable, and is also tough on the rich man who defies the law and hides his wealth from the assessor, for he knows he is doubly guilty in saving himself at the expense of his less fortunate neighbor.

EQUITABLE TAXATION.

The differences in property call for differences in taxation just as "one star differs from another," and yet all the stars and all the property serve their purposes. The man who puts his money in Securities issued on property already taxed and paying more taxes because of the improvements justified by the man's money, is just as useful a citizen as the man who puts his money in lands and houses; but when the first man objects to giving up the greater part of the earnings on his securities, issued on property already taxed, he is looked upon as a tax dodger, and the man with the houses and lands who cannot so readily escape denounces a tax system which seems so unfair. Ask this man to surrender a half to three-fourths of the income from his houses and lands and there would be another tale. The revenue of the first man is limited, while that of the other is unlimited, and yet there are people who cannot see the distinction. Equitable taxation is based on the earning power of all property, in just proportion, and if any partiality is shown it should be in favor of the man who risks his money to improve houses and lands owned by others, which may depreciate, but cannot fly away.

TAX AMENDMENT.

The Tax Amendment was carried by thirty thousand majority two years ago, but because the Secretary of State failed to advertise it ninety instead of sixty days before the election, as the Constitution requires, it must be voted on again at the November Election. The welfare of the State demands the re-adoption of this important measure and every fair-minded citizen should vote for it.

KENTUCKY NEEDS

A good many things to place the State in the rank she deserves in the march of prosperity, but when sifted down the greatest need of all is a new Tax System that will attract instead of repel Capital, which guarantees cheap money for the improvement of farms and development of local industries. Although one of the oldest States, centrally located and with marvelous natural advantages, other and less favored States have outstripped us, and, as someone has aptly said, "Kentucky is an island of comparative poverty surrounded by a Sea of industrial prosperity." And why? The answer is because of our repellent Tax System. Equitable taxation means cheap money. Easy money means improvement and development. Industrial enterprise keeps the people at home and increases the population. More people means more consumers of our home products. Close markets means good prices, and all of this has been retarded because some wise acres borrowed a so-called Uniform Tax Law from another State which had been striving to get rid of it for forty years and which shows that an intolerant politician may not always be a tolerable patriot, or Kentucky would not have been throttled in the way she has been.

TAX REFORM

NOT A POLITICAL QUESTION

The Tax Amendment to be voted on at the November Election is endorsed by all classes of Citizens regardless of Party affiliations as the following extracts from the Platforms of the three principal political organizations clearly indicate.

All political parties favor Reform in the Tax Laws and this is one issue on which all agree.

Every voter should vote "yes" for the Tax Amendment as no reform is possible without its adoption no matter which party wins.

DEMOCRATIC PLATFORM

"We favor the adoption of the Tax Amendment to the Constitution to be voted on at the regular November Election. We favor a wise Revision of our Tax Laws so as to distribute the burdens of taxation among the Tax Payers of the State"

REPUBLICAN PLATFORM

"We favor the adoption by the people of the Constitutional Amendment enlarging the power of the General Assembly on the matter of Taxation and a thorough revision of the Tax Laws which will equally distribute the burdens of Taxation and invite capital."

PROGRESSIVE PLATFORM

"We denounce the inequitable unjust and inefficient system of Taxation in Kentucky and pledge ourselves to enact a law equalizing the burden of taxation and doing away as far as possible with double taxation."
